

2022 SoPMFT PhD Course Sequence

This schedule of courses provides the recommended sequence for the doctor of psychology degree program in the SOPMFT for cohorts entering in 2022. Every effort has been made to ensure that the information is accurate and reflects current course offerings. However, this sheet is expressly not intended to substitute for the Student Handbook nor the student's own course record and requirement sheet, and individual modifications are likely to be necessary in some instances. Also, some courses may move depending on faculty load and availability. In addition, theology requirements vary depending upon theology degree option. Note also that integration requirements vary by degree program, and students are strongly cautioned to consult the Academic Advisor on elective requirements.

Please note: The courses listed in the Summer quarters are suggestions and not requirements.
